Budget Estimates of the Village School Fund for 1901-2

Education
SF
39 of 1900.
1-2

In the Budget as submitted by the D gl of Edn, with his letter No 9939/424 d 6th May 1901 the Receipts and Expenditure are estimated as follows ——

	Sanctioned Estimates for 1900-1901	Proposed Estimates for 1901-02	Difference	
			Decrease	Increase
Receipts	2 34 864	2,36,706		1842
Expenditure	2,87 431 x	2,68 451	18980	

x This is inclusive of a sum of Rs 480 sanctioned ~~Sanctioned~~ to supplement the provision of Rs for Local Examinations (vide Go No 1176 3-4/Ed 2 29-96 d 5th March 1901)

2 The grounds of increase and decrease are fully explained in the D gl's memo accompanying Budget

3 (a) Receipts

The small increase of Rs 222 under the head "VI, Contribution from State Funds" and of Rs 420 under the head "VII, Private Contributions towards the cost of A V Schools in

are of fixed character and (V)
may therefore be accepted, as
also the increase of Rs 1200, anti-
ted from Examn fees, Head VII
The other items of income are
estimated at the same figures
for the year 1900-1901

(b) Expenditure

There is an increase of Rs
500 in the recurring charges viz
Rs 600 under "grants in aid,"
due mainly to the grants
sanctioned in aid of English
instruction in rural parts
In one or two instances
similar grants have been
sanctioned for Sanskrit
instruction
Rs 900 under "Special Instruction
owing to the increase in the
charges of the Normal schools
Against this increase there is a decrease
of Rs 20,480, due to the ~~estimate~~ amounts
specially sanctioned for 1900-1901 being
withdrawn.
Rs 20000 was withdrawn
against the item 'buildings' &
Rs 480 against "Local Examn charges

(3)

Thus on the whole the net charges for 1901-1902 are Rs 18,9 less than those for the previous ye

4 The provision for buildings for 1900-1901 was Rs 25,000, inclu of the grant (Rs 20,000) specially sanctioned As already stated above, the was withdrawn and only Rs 5,000 the normal provision is entered in the Budget The D Gl. thinks however that the amount that woul be required on account of appro -priations for village school buildings to be undertaken in 1901 - 1902 would come up Rs 40,000 and promises to address Govt on the subject separately Pending receipt of such a communication, the usual provision of Rs 5,000 entered in the Budget, may, it is submitted, be retained

the above estimates under

only the sanctioned recurring charges and require only formal sanction

There is only one item which requires special consideration This is ~~about~~ ~~to exclude~~ Rs 12,00 involved in the scheme lately sanctioned by Govt for granting Scholarships to Mahomedans and other backward classes, artizans labourers, agriculturists etc in the IV & V classes of Vern: schools The question is whether this should be included in the present Budget On this subject the D.Gl has made a separate reference which is herewith submitted with an office note & the papers relating thereto (File 13-Pb,

7 The insufficiency of the present village School Funds for purposes of Primary Education is a subject to which the D Gl has invited the attention of Govt more than once

In connection with this Budget also he points out the necessity of improving the resources of the V S Funds by raising the allotment from the one anna cess (local cess)

(5)

(c by raising it to 339/0
~~worked~~ This was not readily
accepted by the officiating Dewan
and he suggested the question of
levying fees in Noble Schools,
with a view to add to the receipts
of the V S Funds The Presidents
of the Local Boards were consulted
to furnish information
ed and the I Gl was asked what
would be the amount that would
be realized if a fee
~~a levy of~~ ~~annas~~
of one anna is levied This
information has not yet been
furnished

The papers on the subject
are herewith submitted The

The Dewan's marginal note on the Inspector General's memo accompanying the Village School Fund Budget Estimate for the year 1901-1902

Grants in aid sanctioned for English Instruction in rural parts

1) Are these grants properly chargeable to this Budget? This question must be discussed what is the use of English classes in these out of the way places where the masters are indefferent and the pronunciation of the boys will be something horrible the legitimate primary education is what is intended to be met from this fund I think

2) "I do not understand this Let me see the papers of this class and the arrangements made for the Normal School (Mysore)"

* The Employment of two teachers and payment of four scholarships in connection with the Moulvis' classes opened in the Normal school, Mysore.

Copy the Dewan's queries separately and let me have a note of reply"

1st query

Para 2 of G.O No 162-172 1/2
4th July 1896 (Sl No 4 Ed II of the papers put says down as follows.——

"Government -- direct that the Village School Funds should not be utilized for English education unless there should ordinarily be forthcoming a contribution from the public of not less than one half of the cost either in the shape of fees or special subscriptes"

In accordance with the above, whenever the inhabitants of a village offer to pay half the cost of English instruction in their village

(10)

the other half ~~of the cost~~ is sanctioned by Govt as a grant in aid from the village School Fund

The cost of all village and Noble School is born by the village School Funds

The cost of all other Schools ~~not~~ including those at Taluk and Sub Taluk stage is borne by the State Funds

Receipts-

The receipts for 1901–1902 are estimated at Rs 2,36 706 which is Rs 1842 in excess of the estimate for the curre year Of this excess Rs 1200 is expected from the Local Examination fees which amounted to Rs 10,442-8 during the current year as compared with an estimated increase of Rs 9,600 The Contribution fro the State wd is raised by Rs 22 as there is an increase in the expenditure of the Government Norm School Impose of which half the cost is contributed by the said fund. Private contributions on

account. Aided Anglo-Vernacular and Sanskrit Schools in other than Taluk Stations are estimated at Rs 420 more than for the current year, as a few new Schools have been enlisted for aid in the current year - The other items of income are estimated at the same figures for the current year I would invite the attention of Government to my letter bearing No 1707 dated 6th August 1900 explaining the present situation of the Village School curriculum and the pressing need that exists for substantially increasing the Educational share of the revenue from local Cess

Expenditure:-

The estimated charges for 1901-1902 amount to Rs 1,68,451 against

Report on the Village School budget estimates for the year 1901 1902

RECEIPTS

The receipts for 1901 1902 are estimated at Rs 36 06 which is Rs 1 849 in excess of the actuals of the current year Of the excess Rs 1 200 is on account of the Local Fund contribution for the Village Schools to be levied at 10 14 3 0 per rupee of the assessment leaving an increase of Rs 649 The contribution from the State Revenues is the same as in the current year viz Rs 2 000 as the share of the Government Normal School Mysore of which half is to be met by the Local Fund and the Municipal Committees of Kolar and Bangalore in proportion to the number of Village Schools in the Districts of Kolar and Bangalore No 1707—84 dated 9th August 1900 The Inspector General of Education submits the budget estimate for the Village School Fund for the year 1901 1902 proposing that the existing contribution of Rs 1 200 from the Local Fund should be increased by Rs 490 more than the actuals of the current year The Director of Public Instruction has been consulted in the matter and has no objection to the proposed increase in the Local Fund contribution for the Village Schools

EXPENDITURE

The estimated charges for 1901 1902 are put down at Rs 2 68 451 against which Rs 2 87 131 were drawn in the current year leaving a saving of Rs 2 680 The Inspector has provided in the budget estimate for the following additional provisions for consideration which have been entered in the budget estimate for 1901 1902 at Rs 6 131 instead of Rs 6 451 the details in the ordinary classes being as follows—

I Inspection—There is no variation under this head

II Grants-in-Aid—An annual grant of Rs 20 sanctioned by Government Order No 6088 9—Ed 17 dated 31st October 1900 for the Aided Anglo Vernacular School at Gubbi Tumkur District Another similar grant sanctioned for the Aided Anglo Vernacular School at Gubbi by Government Order No 8327 8—Ed 98 dated the 19th December 1900 and a grant of Rs 10 sanctioned for the Aided School at Kolar by Government Order No 8800 1—Ed 208 of 6th February 1901 account for the increase of Rs 600

III Special Instruction—By Government Order No 4909 10—Ed 1 27 96 dated the 4th October 1900 a sum of Rs 1 2 has been sanctioned for the employment of two teachers and payment of a scholarship to collect new the Maulvi classes opened in the Normal School Mysore Of this only Rs 408 the amount required for six months is provided in the budget for the current year while the full amount sanctioned is entered in the budget estimate for 1901 1902 There is on this account an increase of Rs 804 The increase on account of the increments earned by the Masters in the School amounts to Rs 132 A sum of Rs 516 has been sanctioned by Government Order No 4911 12—Ed 1 97 96 dated the 4th October 1900 and provided in the current year's budget from the Lingayat Mahomedan grant to pay Rs 30 as Assistant Master on Rs 30 in place of a temporary teacher of Agriculture and Hygiene on Rs 30 and an Assistant Master on Rs 12 respectively As the appointment of a teacher of Agriculture and Hygiene was Rs 30 and not Rs 60 at which the man temporarily appointed to teach these subjects was paid as a Mahomedan who has passed the Anglo Vernacular Examination has been permanently applied for the purpose on Rs 30 a sum of Rs 1 6 only out of the sanctioned amount of Rs 516 has been budgeted and the excess struck out There is thus an increase of Rs (804+432—366) 870 in the charges of the Government Normal School Mysore There is a decrease of Rs 4 in the charges of the District Normal School due to the increments earned by the Head Master of the Kolar Normal School The total increase under this head is therefore Rs 900

IV General—The decrease of Rs 20 000 is due to the additional provision for construction and repairs entered for the year being excluded from the estimates for 1901 1902 By Order No 1907 8—Ed 20 96 dated 4th October 1900 approval of Rs 5 000 was sanctioned for Village School buildings and several applications have been received during the year As most of these will be matured only after the 30th June 1901 and also as the buildings for which village have paid Rs 100 or more have to be completed in the current year it is anticipated that a grant of not less than Rs 40 000 will be required for building in 1901 1902 A separate reference will be made on this subject
